III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <https://inside.fei.org/fei/regulations/general-rules>.

For eventing there will be an optimum time acc. to Eventing Rules 545.2.1., 548.2 and Annex I (Indoor Arena Cross Country Rules) (course length 600-700m / 450m/min)

A team consists of 1 eventing rider, 1 jumping rider and one four-in-hand driver. They enter the arena together.

The eventing athlete starts first and jumps a course of approx. 12 XC type obstacles.

As soon as the horses forefeet of the eventing rider jumping the last obstacle have reached the ground, the jumping rider may jump the first obstacle of his round.

In the meantime the eventing rider dismounts his/her horse and the horse is brought outside of the arena by the groom. The eventing rider walks on foot to the finish line of the jumping course.

As soon as the jumping rider has crossed the finish line the eventing athlete runs to the drivers' waiting area and mounts the carriage.

The carriage driver must then drive an obstacle course with cones and Marathon-type obstacles.

The total time for the team is taken from the moment when the first jumping Athlete crosses the starting line until the driver passes the finishing line. Penalty seconds occurred by the eventing athlete are added to the total time of the team before the first jumping rider starts.

Conversion of penalties into seconds:

knock-down:	3 seconds
disobedience with knock-down:	6 seconds
2nd disobedience:	elimination
Eventer outside the flag:	5 seconds

Otherwise, liability is excluded.

3.2.2.3 Release from liability

The athlete and the horse owner are jointly and severally liable to the organizer to indemnify the organizer against all claims of third parties, in particular visitors of the event and other athletes, regardless of fault, at first request, arising from the fact that a human being is killed or the body or health of a human being or an object is damaged by a horse of the athlete or the horse owner or by a person commissioned by the athlete or the horse owner.

XV. ANNEXES

1. STEWARDING

If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.

In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Championships, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.

As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.

The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.

If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1)
